About Avenrix Healthcare Solutions:

Building Critical Healthcare Environments with Precision, Expertise & Trust

Avenrix Healthcare Solutions is a turnkey healthcare and pharmaceutical infrastructure company focused on designing, supplying, and executing solutions for critical and controlled environments.

We bring together technical expertise, quality-driven products, and end-to-end project execution to create healthcare and pharmaceutical spaces that meet the demanding requirements of safety, hygiene, precision, and operational efficiency.

Our expertise spans a comprehensive range of solutions, including AHUs & HVAC Systems, Modular Operation Theatres, Cleanrooms, IVF Laboratories, Medical Gas Pipeline Systems, Wall & Ceiling Panels, Specialized Flooring, and Medical Equipment.

From initial consultation and solution planning to product sourcing, installation, integration, and project execution, we work closely with clients and our trusted network of industry partners to deliver seamless, reliable, and application-specific solutions.

Our Products:

Comprehensive Solutions for Critical Healthcare & Pharmaceutical Environments

At Avenrix Healthcare Solutions, we offer a comprehensive range of specialized products and infrastructure solutions designed to meet the technical, operational, and safety requirements of healthcare and pharmaceutical facilities.

- **AHUs & HVAC Systems**

Advanced Air Handling Units and HVAC solutions designed to provide controlled temperature, humidity, air quality, and ventilation for critical healthcare and pharmaceutical environments.

- **Modular Operation Theatres**

Complete Modular OT solutions engineered for hygiene, infection control, operational efficiency, and stringent healthcare requirements.

- **Cleanrooms**
End-to-end cleanroom solutions for pharmaceutical, medical, research, and other controlled environments requiring precise control of air quality and contamination levels.
- **IVF Laboratories**
Specialized infrastructure solutions for IVF and assisted reproductive facilities, designed to support controlled environmental conditions and sensitive laboratory operations.
- **Medical Gas Pipeline Systems**
Reliable medical gas pipeline solutions for the safe and efficient distribution of medical gases across hospitals, operation theatres, ICUs, laboratories, and other critical areas.
- **Wall & Ceiling Panels**
Specialized wall and ceiling panel systems designed for healthcare and controlled environments, offering hygiene, durability, ease of maintenance, and seamless integration.
- **Specialized Flooring**
Healthcare-grade flooring solutions designed to provide durability, hygiene, safety, and ease of maintenance across demanding clinical and controlled environments.
- **Medical Equipment**
A range of medical equipment sourced through trusted industry partners to support the operational requirements of hospitals, clinics, laboratories, and healthcare facilities.
- **Turnkey Project Solutions**
Beyond individual products, Avenrix provides end-to-end project execution, coordinating multiple solutions and industry partners to deliver integrated healthcare and pharmaceutical infrast

What We Stand For

- **Quality** – Delivering reliable products and solutions sourced through trusted industry partners.

- **Precision** – Paying close attention to the technical requirements of critical environments.
- **Reliability** – Ensuring coordinated execution and dependable project support from start to completion.
- **Partnership** – Working closely with clients, consultants, contractors, and industry partners to achieve project objectives.
- **End-to-End Execution** – Providing a single-window approach for multiple infrastructure requirements, simplifying project coordination for our clients.
